DEPARTMENT OF LANDS & SURVEYS,
JERUSALEM.

12th October, 1941.

District Officer,
Tulkarm.

Subject:- Invitation for payment of Badl Misl.

Reference: Your 24/6 dated 15th August, 1941.

For legal and technical reasons an extension of the period fixed for the payment of Badl Misl on Parcel 5 Block 7648 and parcels 10 and 13 Block 7649 Ghabat el 'Ababisha - Tulkarm Sub-District cannot be granted.

2. If the amount of Badl Misl in respect of any one of the above mentioned parcels is not paid by the 31st October 1941 the Mukhtars on behalf of and in trust for the common purposes of the village will be considered to have ~~xxx~~ renounced their rights of Tapu in the land and that parcel will be offered for sale by public auction in accordance with Section 4(3) of the Land Law (Amendment) Ordinance.

3. The grant to the Local Education Authority of a part or the whole of the money realised by the sale is a matter for consideration by Government. A recommendation to this effect should I believe proceed from the District Commissioner upon the application from the village concerned.

4. It must be added that Mukhtars holding land in trust for the village have no power to sell such land. Consequently should they be able to pay the Badl Misl and have the properties registered in their name on behalf of the village they cannot later sell it until and unless they become a juristic body such as a Local Council or a Municipal Corporation.

16. "Detached areas" were found in the village in the same Sub-District and sometimes land of a village which belonged to another village in another Sub-District.

If the detached area was of appreciable extent it was formed into blocks and a separate map and Classification Schedule prepared to enable a separate Rural Property Tax Roll to be compiled and posted in the village to which the detached area belonged. If the detached area was of small extent it was included in the map of the village within which it was situated.

17. In a number of villages it was found

that land on the boundary of a village was claimed by an adjoining village as belonging to it or as being within its jurisdiction. In such cases no attempt was made to decide to which village the land belonged.

If the disputed area was a small one, it was included in the map of the village with which it was surveyed.

If the disputed area was of appreciable extent, it was included in the map of each of the disputing villages, the boundary of the disputed area being indicated by a yellow line.
